RE: Request for Information / Freedom of Information Act (FOIA)  
Rubicon LLC, Geismar, Louisiana  
Project No. 185815-6956

Dear Mr. Graves:

Thank you for taking time to speak to me last week regarding Rubicon LLC, and our FOIA request. It is our understanding that Rubicon's current Petition Document has not yet been approved by EPA, however, that is the document we are requesting. As we discussed, we are interested in receiving those portions of Rubicon LLC's No Migration Petition Document that address modeling. Those sections might include titles such as:

Model Theory  
Model Input Parameters

Model Boundaries  
Computer Modeling

Since we don't know the content of the Rubicon LLC Petition document, it would probably be more beneficial if we received a copy of the Table of Contents for the document. Once that is received, we can determine which sections of the Petition Document would benefit us, and if we need to hire a copying service if the sections are voluminous.

We are therefore respectfully requesting a copy of the Table of Contents from the Rubicon LLC No Migration Petition Document. Please contact me if you wish to discuss this request in more detail; my contact information is [newsommc@pbworld.com](mailto:newsommc@pbworld.com) or 225-753-2561. Thank you for your attention to this request.

Sincerely,

A handwritten signature in blue ink that reads "Monica Newsom".

Monica Newsom  
Office Manager
